

March 2016

Hello Parents and Campers!

As promised, here are the instructions for your Health and Consent form for our trip to Colorado this summer. This year, Young Life is using a new online system, and I'm confident that it will make this part of the process clear and easy. One thing to note: as per State of Colorado law, a physician signature is required on the Young Life Health, Consent, and Release Signature Form (YL-6007P) – simply attaching a physical will not suffice. Below are the instructions for filling out your camper's HC Form:

Included you'll also find the records I have for your camper's payment to date. I do my best to keep everything accurate, but mistakes happen (payments in the past have been made to other areas, etc.), so please look this over and let me know if you think something seems to be off.

Counting down the days until we get on the bus!
